

Trade Payables and Unrecorded Liabilities Review											
Focus on completeness, cutoff, accuracy, classification, and unrecorded liabilities. Review unmatched receipts, post-year-end invoices, and supplier statement differences.											
Vendor ID	Vendor	Ledger Balance	Supplier Statement	Difference	Last GRN Date	Invoice Date	Recorded Date	Paid After Year-End	Unmatched GRN	Debit Balance?	Comment
V-201	Anka Metals	820.000	820.000	0	27.12.2026	28.12.2026	29.12.2026	820.000	No	No	No issue noted
V-202	Kare Logistics	265.000	310.000	45.000	31.12.2026	4.01.2027		310.000	Yes	No	Invoice received after year-end
V-203	Global Bearings	1.450.000	1.390.000	-60.000	20.12.2026	21.12.2026	23.12.2026	1.000.000	No	No	Credit note under review
V-204	Teknik Elektrik	-75.000	0	75.000	15.11.2026	17.11.2026	18.11.2026	0	No	Yes	Possible advance payment
V-205	Marmara Packaging	420.000	610.000	190.000	30.12.2026	3.01.2027		420.000	Yes	No	Three GRNs not invoiced
V-206	Erguvan Software	180.000	180.000	0	2.12.2026	2.12.2026	3.12.2026	180.000	No	No	Annual licence
V-207	Atlas Industrial Gas	95.000	143.000	48.000	31.12.2026	2.01.2027		143.000	Yes	No	December consumption estimate absent
V-208	Deniz Customs	360.000	360.000	0	29.12.2026	29.12.2026	5.01.2027	360.000	No	No	Recorded after year-end
V-209	Lale Maintenance	210.000	210.000	0	16.12.2026	17.12.2026	18.12.2026	0	No	No	Open balance overdue

Payables audit prompts	
A	Identify potential unrecorded liabilities and estimate the exposure.
B	Explain which items indicate cutoff risk and the likely misstatement direction.
C	Design a search for unrecorded liabilities using post-year-end evidence.
D	Assess whether debit supplier balances require reclassification.
